### Moving to the Lake

Hello, I am Oliver. Last month, my life changed completely. My family lived in a noisy flat in the city center for my whole life. It was convenient, but very crowded. My parents decided they wanted a quieter life, so we moved to a floating house on a large lake.

At first, I was pessimistic. I thought I would be lonely without my city friends. However, living on the water is actually very interesting. I have been learning to fish since we arrived. My sister and I even decorated our rooms by ourselves. The best part is the nature; it is much more peaceful than the city. We still have some small problems, like when the water gets choppy during a storm, but we work together to overcome them. I realized that "home" isn't just a building; it is where your family is happy together.

16. Where did Oliver live before he moved?

- A) In a farmhouse
- B) In a floating house
- C) In a flat in the city center
- D) In a wooden cabin

17. How did Oliver feel about the move at the beginning?

- A) He was excited and happy.
- B) He was pessimistic and thought he would be lonely.
- C) He was angry at his parents.
- D) He didn't care.

18. What has Oliver been doing since they arrived at the lake?

- A) He has been learning to fish.
- B) He has been fixing the roof.
- C) He has been swimming every day.
- D) He has been looking for a new school.
