Life in the Neighbourhood, City & Social Life

Name: _____ Class: _____ Date: _____

A. Transformation: Before & After

Describe how the city infrastructure changed. Use Passive or Causative.

Example: Before: Dark streets -> **After:** The mayor had the new street lights installed.

1. **Before:** No ramps at the station -> **After:** ....
2. **Before:** Dirty parks -> **After:** ....

B. THE FUTURE OF OUR CITY
Reading Passage: The Smart Neighborhood Project

Our neighborhood has been transformed into a smart city zone. Last year, the infrastructure was completely renovated. First, the mayor had solar panels installed on every public building to provide sustainability. Then, public Wi-Fi was provided for all citizens. The most important part was making the city inclusive. Barriers were removed, and ramps were built. Now, everyone is able to reach the city center easily. Even drones are used to distribute medical supplies to rural areas.

Comprehension Questions

1. **What was installed on public buildings?** _____.
2. **Who provided the public Wi-Fi?** _____.
3. **How did the city become inclusive?** _____.
4. **What is the role of drones in this project?** _____.
5. **Is the city now more sustainable? Why?** _____.
